

<b>Object Name:</b> Shadow puppet
<b>NMA Object Number:</b> IL 2010/0343.0007 <b>NGA object number:</b> 73.583.6
<b>Object Material(s):</b> wood, gold paint, turtle shell
<b>Date of Incident:</b> Monday 12 December 2011
<b>Location of Incident:</b> Australian Journeys gallery
<b>NMA staff member completing this form:</b> [REDACTED], [REDACTED]

### Details of incident:

During the installation process three small fragments of paint including white ground layer were dislodged from the underside area of the puppets nose. The decorative area of the puppets arm made contact with the underside of the nose. The area where the paint was dislodged has previously incurred damage as documented by images contained in the NGA condition report.
