

### National Museum of Australia contracts 1 July 2016 – 30 June 2017

Pursuant to the Senate Order for entity contracts the following table sets out contracts entered into by the National Museum of Australia which provide for a consideration to the value of \$100,000 or more (GST inclusive) and which:

- have not been fully performed as at 30 June 2017, or
- which have been entered into during the 12 months prior to 30 June 2017

Most of the contracts listed contain confidentiality provisions of a general nature that are designed to protect the confidential information of the parties that may be obtained or generated in carrying out the contract.

The reasons for including such clauses include:

- ordinary commercial prudence that requires protection of trade secrets, proprietary information and the like; and/or
- protection of other Commonwealth material and personal information.

One contract has been excluded from this list on the basis that disclosure of its existence would be contrary to the *Privacy Act*.

The National Museum of Australia has assured that the listed contracts do not contain any inappropriate confidentiality provisions.
